## ATTENTION: PHOTO ID BADGES ARE NOW REQUIRED

Recently enacted legislation requires licensed practitioners and Residents to wear an identification badge while treating patients. There is also a requirement that non-licensed support personnel must identify themselves with a badge as designed by the Board. These badges must comply with the new statute and recently passed Board rules. These requirements went into effect January 1, 2009. Failure to adhere to these new requirements exposes you to expensive fines and disciplinary action.

FAOP has created badges that comply with the statute and rules. **All FAOP members will receive one free badge with their paid 2012 membership.** This is just one of the many benefits you receive as a member. Join or Renew now and get your free badge. If you are not a member, now is the time to join. The ID badge and identification information is just one of the many benefits.

Practitioners choosing not to join FAOP may also order a complying badge:  
Badges for non-members: **\$25.00 each**

An informational letter will be sent with every badge order, giving specifics as to what you must do to comply with new laws and rules concerning identification of practitioners and support personnel. FAOP members will receive an email detailing new rules and the statute governing identification of the practitioner and the office.

You **MUST** send a **COLOR** (no black/white) digital picture via email to the FAOP office at **faopoffice@verizon.net**. The photo must be a recent passport-type head shot, showing a full frontal view of your face. No hats or sunglasses! **We can only accept DIGITAL PHOTOS; absolutely no paper photos will be accepted.** In the body of the email include your full legal name (as on your License or Registration), your license or registration number(s) (if you have more than one license or registration number put each on a separate line), and if you are a support person include the phrase "support personnel" under your name.
